Mr. Luke Graduate  
110 Congratulations St  
Monroe, GA 30655

Dear Luke,

Congratulations on the successful completion of your course of study in nursing, and graduation from Georgia Southern!! You have achieved a great milestone in your life which will serve you well!

As you embrace the future, remain true to your values and yourself, honor your mother and your father, and recognize that there is a higher power who will see you through the difficulties you will encounter. Keep your feet on the ground, your eyes open, use your head, and never forget the value of love and laughter.

Surround yourself with winners, choose your friends and advisors carefully, and be certain to give something back so the world is a better place because of you! Always believe in yourself, but remember you are never truly alone!

I wish you health, happiness, and continued success in all you do!

Wayne E. Kerr, DDS, MAGD
